The Hospital and Congress Heights. To the Editor of The Evening Star:

UNDERTAKERS......Page 15

WANTED (Miscellaneous)......Page 14

WANTED (Rooms and Board)......Page 14

WANTED (Situations)......Page 14

In reference to the notice which appeared in The Star last Friday evening of a protest which was alleged to have been signed by a large number (sixty-seven) of the citizens of Congress Heights, in relation to the building by the government of hospital buildings on its own ground, on the east side of Nichols avenue and opposite from the present buildings, let me in Congress Heights. How many were added to it from citizens in Washington and elsewhere I know not. Let me give you for account filed. Estate of George W. Wilit is full of steep ravines, scrub pines and bushes and fit for nothing. It would not bring \$50 an acre. Falling to have the government purchase it they offered to exchange it for other land belonging to the United States south and west of Con-gress Heights, and at the last session of Congress the Secretary of the Interior was authorized to make such exchange acre for acre. It lingered along six months without such trade being effected and finally the Wilson-Randle syndicate sent to the Secretary of the Interior their letter stat-ing that their land was not for sale or trade under any consideration. Then the contract was let for the new

hospital buildings, and work commenced on them on the east side of Nichols avenue. Then the syndicate plead the baby act, and withdrew their letter from the Secretary, and offered to trade some of their land, seventy acres for eighty acres of the ground where the buildings are now in process of construction, and the Secre-tary having no authority to do so quickly and the syndicate wanted to get it and lay it out in town lots, as it adjoins their town on the north. Where the buildings are now being erected is the best possible place for them. The grounds around them will be made most beautiful with shade trees, shrubbery, flower beds, etc., a veritable paradise of a park. It is all bun-combe about hurting the town of Con-gress Heights with the buildings on the north of the town. If the syndicate's land had been taken the buildings would have been placed on the west side of the town and much nearer its center. And now after thousands of dollars have been spent on the grounds for the new buildings, it and give up the ground to a lot of specula-

Fined \$200 for Contempt.

Justice Bradley, in Equity Court No. 2, today fined Edward G. Siggers, a local patent attorney, \$200 for contempt of court. The injunction for disregard of which the fine was imposed was issued in connection with the suit of Chester A. Snow against Edw. G. Siggers. The suit was originally filed to dissolve the partnership in which the two men were engaged under the name of C. A. Snow & Co., and the defendant, Siggers, was enjoined by the court from advertising his business in a manner which was claimed to be detrimental to the prac-

Mrs. Macfarland's Condition Today. It was announced this morning that there was a perceptible improvement in the condition of Mrs. Macfarland, wife of Commissioner Henry B. F. Macfarland, and there is hope that she will pass successfully through the crisis of her illness by tomorrow. While Mrs. Macfarland is so ill the Commissioner is simply meeting imperative engagements and important office matters are taken to his home for action. Mrs. Macfarland's illness is an acute attack of malarial fever, complicated by nervous dis-

STRONG FOOD.

It is a good thing to know how to select food that will so thoroughly feed and nourish the body that there is no indication of hunger or faintness from one meal to another.

Grape-Nuts Food will carry the user longer, probably, than any other food known. A young lady attending business college writes from Atlanta, Ga., saying: "Before I began using Grape-Nuts I got so hungry before the dinner hour that I was faint and almost sick, but since I have Grape-Nuts Food for breakfast I study harder and wait longer for my dinner without experiencing any of the

"One great advantage is that it requires no cook ing or preparation. I wish every one knew of the value of Grape-Nuts Food for children in school." NORTHERLY WINDS.

Report of Conspiracy Discredited. Army officers wholly discredit the pubished story of the reported conspiracy to secure the independence of Alaska. The only report made by General Randall to the War Department from his headquarers at Vancouver touching Alaskan affairs related to the transfers of a couple of engineers from Valdez to Port Egbert. The cynical suggestion is thrown out at the department that the story is devised to secure the return of soldiers to Alaska.

A lighted match dropped on the floor at the house of Mrs. Fannie Ryan, No. 229 1st street northwest about 5 o'clock yester-day afternoon caused a slight fire. An alarm was turned in from box 15, and be-cause of the prompt response of the fire-men the flames were extinguished before much damage was done.
